

### President's Remarks

I simply love this time of year! The maple trees outside my office window are a beautiful golden color, my windows are open and I hear the sounds of nature.

This year the constant barrage of election news and debate arguing is dampening my serene mood, however. Regardless, I do encourage you to make sure that you schedule in time to vote on November 8th. Even if you think your vote will not swing the election - it is important to be heard and counted!

Maria Barnes  
President  
630-715-4452

## Data Integration with Microsoft Access

Do you have data in many different places within your company? Are you having trouble keeping track of it all? Microsoft Access is a great way to link up all your data. We use it as a tool to integrate other software systems as well as to store custom data. This [LinkedIn article](#) has great tips on data integration. If you need help using Microsoft Access for your company's data needs contact [Barnes Business Solutions](#).

## Shared Mailboxes in Office 365

Do you have Shared Mailboxes within your company for Customer Service or HR? Would you like to have a generic mailbox like [CustomerService@YourBusiness.com](mailto:CustomerService@YourBusiness.com) for clients to use? Office 365 offers shared mailboxes without having to purchase a separate license. See this step by step [guide](#) to setting up shared mailboxes.

## Creating an App with Microsoft Common Data Model

Have you heard the hype about Microsoft PowerApps yet? This [video](#) provides a great visual guide to creating an app with the Microsoft Common Data Model. Do you need to build an application that does not fit a standard out of the box example. [Barnes Business Solutions, Inc.](#) can take your ideas to the next step!
